ity will please you.

The Bentley Bi-Monthly Bulletin

Thorpus Secundus, Editor. J. M. Fawcett, Class Leader.
Issued in the interests of those from this district who are on active service. By the Young Men's Class.

Editorial

Haven't heard much from you chaps lately, I guess perhaps for the reason that you have been pretty busy fighting and that we suppose we should accept that as reason enough. We're glad to get a letter recently from Joe Meredith, and also to see Bill O'Neill's notification that he was neither sick, in the hospital, or run down at the heel, so he must be well, (well well!!) You will notice that our minister has taken over position of class teacher, or as he would prefer it, Class Leader, and he salutes you with his first talk in this issue. We are more than sorry to re-

port the arrival here of the news to the effect that Geoffrey Taylor is 'missing' since June 25, and altho prepared for the worst, we still hold out hopes that definite better news of him is even now on its way to us.

TEACHERS TALK

The Editor and class having asked us to take Mr. Miller's place in connection with the Bulletin and organization, I shall do the best I can in my own humble way. We do not know each other, except that I met Wendell Nicholson occasionally, eight or nine years ago. But you fellows are out

there in response to a call that has stirred your innermost life and because of that response, I feel I know a good deal about you, and I on my part am here as the representative of the King of Kings, and I Trust I am so true to the principles of his kingdom, that your knowledge of those principles and what they stand for, will give you some knowledge of my character. I trust you will feel free to call upon me in any way I can help you at any time, I shall be glad to receive letters from you and reply to them. I trust you are all as well off as it is possible to be and that you all return to your beautiful valley again soon. And if to some of you this is denied, my prayer is that you will be ready in mind and soul to 'go West.'

John M. Fawcett.

Local News

Mr. C. A. Putland, having offered his services to the Y.M.C.A. is leaving Bentley early in August and for the present taking up duties at the Victoria barracks in Calgary. He has disposed of his house to Mr. Weise who has moved back to Bentley from Carstairs, having sold his farm there. Archie's auction sale also took place last Saturday and he realized good prices throughout for his furniture and effects.

The freight shed the railway Company built last Winter has already proved too small to accommodate amount of business passing through and a new one much larger and more convenient is now completed. Two trains a day now leave here for Lacombe and return, the passenger business from the Lake at this season of the year being quite heavy and calls for service.

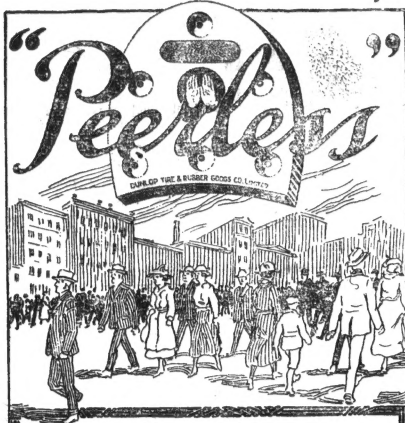

The crops around here are in excellent condition, but we are sorry to report that the southern and eastern parts of the province are badly burned up with hot dry weather. Some of our neighbors who rose early on Tuesday Morning last said that there was quite a fall of snow, the first we have known in July. We all knew it was pretty cold. This was preceded with three of the hottest days of the year.

The co-operative society held a successful Picnic at the Meridian Beach last week, a large crowd turned out. It was a very hot day, but bathers were in the minority because of the lack of bathing suits.

Ray Hiles is the latest purchaser of an Overland Car, Fred Ellsworth has a Briscoe.

Those of our boys, who have lately been called up, are now in training at Petawawa Camp, "somewhere in Ontario."

We are glad to read the encouraging news that is now coming over from the front, all honor to you fellows who are doubtless in "the thick of it." We need you here to stir things up a bit and make it look like old times again. There hasn't been a baseball thrown in Bentley this Summer even John Blish, our venerable "has been" hasn't the heart to suggest that someone "bat out a few flies." So Long Fellows, Be Good!

The "Peerless" Stride

If you want to forget being "feet conscious" get into the "Peerless" line.

Jolts in your stride immediately end. Instead there's a springiness and comfort to every step. The canvas plug prevents slipping, too.

Wear "Peerless" Half Heels and "Acme" Soles, or "Acme" Whole Heels and "Acme" Soles.

OSHAWA, ONT., CANADA

Gentlemen:
I arrived in France April, 1917, with one of your cars (Model D46 Touring). Up to now it has covered over 16,000 miles over all conditions of roads, some so bad one would never think of taking a car in private use. It is only fair to you and your car that I should tell you that up to now it has given no trouble nor has it had any replacements except one plug and the carbon removed. The car we are getting not always the best. This statement is correct and will bear any investigation. Have had much pleasure with the car, compared with others, suggested it to me that I should write you this note, which may be of some use.

Yours sincerely,
CHAS. P. BAILEY,
a.c. Corporal.

Bennett - Rogers, Sorehead Tory Politicians, Attempt to Revive Conservative Party

They are Backed by the Manufacturers and Money Interests, who are Alarmed at Government's Action in Taking the Duty off Machinery and Taxing Large Incomes.

Interesting political developments are taking place throughout Canada, but particularly in Eastern Canada, just now according to well informed observers. The outcome may be a new opposition with a well organized backing among manufacturing interests, and a chain of active supporting newspapers, of which the revived Rogers organ, the Winnipeg Telegram, may be the leading voice in Western Canada.

Although the Laurier Liberals are encouraged by the unrest in the country which followed the order-in-council cancelling the military exemptions and are looking forward to the contesting of the parliamentary bye-election in North Ontario on the question of conscription, this is not the most significant development in opposition. The most significant development is the activity of quite another faction in the east, of which the nucleus is a remnant of about fifteen members of the old Tory organization, which is being taken and apparently financed and controlled and directed by certain powerful interests which have had influence in Canadian politics in the past. In the new grouping, Robert Rogers is again achieving the limelight, after a few years in which his political status has been precarious; it seems evident that by constituting himself the western leader in corporation, with certain press influences, he hopes to break into the game again.

Union government is being regarded with growing suspicion, and even positive disfavor, recently by the industrial financial and corporation interests of Eastern Canada. Their grievances are numerous. They include the continuation of the excess profits tax after the adoption of the income tax, despite the strong representation against this course; the special limitation of profits in the case of packers; the fixing of prices on newspaper against the protests of a strong manufacturing group with powerful financial affiliations; the legislation imposing special taxes on the C.P.R.; the removal of the duty on tractors as war measure; the government policy of government ownership of the Grand Trunk; and a greater amount of sympathy than has formerly been shown to labor. Ever since the removal of duty on tractors and the steadfastness of the government on that question in spite of protests, the manufacturer's association and the elaborate propaganda efforts of the Canadian Reconstruction League, and the financial weeklies of Toronto and Montreal have been not only extremely critical of the government, but have displayed an apprehension that the government is not amenable to their instructions and suggestions.

They are obviously beginning to make use of the only favour available at the moment, the fifteen old-line Tories in the house who never wanted Union government and cannot reconcile themselves to it. These members are still firm in the belief that if Borden had fought a general election upon straight party lines, with plenty of flag waving, could have won that, there by retaining patronage and other perquisites to the faithful. They regret what happened as a catastrophe and claim that Borden was played upon by Grit schemers. This faction is being backed by many old stand-bys in Ontario and has the sympathy of the Toronto Telegram. By themselves, they are not formidable; but they offer the pivot around which certain interests may revolve with mutual benefit. The interests need such a pivot in parliament at the moment, and these politicians need resources of this kind in order to carry out more than a futile sniping, and regard the situation as a veritable windfall. To Rogers it is little less than providential. He was ejected from the Borden government, left out of the Union government, and prevented from a candidature in the last general election. He has his feet on the ladder again, because some nucleus of western support is necessary to the success of any attempt of these interests to re-establish themselves. It is believed that the sequel to many of his recent

visits to Toronto may be the revival in Winnipeg of a newspaper amenable to Rogers' direction, and establishment at other strategic points in the west of journalistic champions of the fiscal and political policies of big business; and of these Mr. Rogers will again be the good angel.

Outside of Ontario and Manitoba the new faction also has its western friends. One of the two members of the western parliamentary contingent are sympathetic to its views, as is also a well known Calgary politician now out of office, and consistent champion of big business. His recent activity in an effort to embarrass the government through the courts, shows which way the wind is veering.

MUNITIONS MEN AT BIRMINGHAM HAVE QUIT WORK.

London, July 24.—A strike of munition workers began at Birmingham at six o'clock this evening, the hour the day workers finished their work and when the night shift was to come to duty, according to a dispatch to the Central news from Birmingham.

The aggregate membership of the twelve societies affiliated with the joint committee of the engineering trades unions is about 65,000, including about 5,000 women. Officials of the joint committee say they have no reason to doubt that all the workers will be loyal to the resolution to stop work.

Remarkable Warning

London, July 24.—The Woolwich Arsenal workers held a meeting today, after which they telegraphed the Coventry munition workers as follows:

"Strike now and you will earn the blessing of the Kaiser and an array of murderers. But you will earn the lasting condemnation of all those who are fighting and working in the Allied nations to gain real freedom for civilization."

"We are very anxious if you persist in striking that this government owe it to your brave brothers who are fighting the Germans with their life's blood, while you are fighting with words and fall bellies, that you be immediately put in the front of the firing line and that your leaders should be shot."

"Strike and you may go to hell. Woolwich will remain at work and earn the right to shake the hand of the soldier when he returns."

LEWIS RELEASED MINUTE AFTER HE IS CONSPIRATED

Calgary, July 24.—Norman Earl Lewis the young man at Saree Camp for whom R. B. Bennett applied for Habeas Corpus and got order to release, but has been held ever since at court, was formally released by the military authorities this afternoon. In that way the military complied with the order of the court. One minute after the formal release he was taken under the Military Service Act and conscripted for service. He is still at Saree barracks, but is now without benefit of any habeas corpus.

Now that the allies are winning some of those previously doubtful neutrals in Europe are showing anxiety to be friendly.

Australia has placed an embargo on British Columbia Apples. That fact should not worry the B. C. fruit growers this year. There will be plenty of call for their fruit on the prairies and in the Eastern provinces.

Unless all signs fail, the coming winter will bring to Russia more wholesale and widespread suffering than that troubled nation has ever experienced before in history. Death by starvation will be a common occurrence there.

There are 2,620 buffalo in the Wainwright Park now an increase of 537 over a year ago. That is good news. In view of the possible slaughtering of all our cattle because of lack of feed, we may have to come to buffalo steaks and roasts, yet.

S. H. WELCH

In sizes 11 to 2 only. Regular \$1.75 per pair, to clear at . . . \$1.50

LACOMBE EXHIBITION WAS A MOST SUCCESSFUL EVENT

The President and Directors of the Lacombe Agricultural Society are to be congratulated on the success of the 1918 exhibition. In point of management this year's exhibition ranks highest in our series of like events, and we are pleased to be able to state that the society comes out ahead financially for the first time in many years.

At least three thousand people were on the grounds on Friday afternoon, and apparently were enjoying themselves. The races were very interesting, and other attractions held the attention of the young folks.

Had the directors received the support of the farmers in the way of exhibits, this year's exhibition would have the record for Central Alberta. From apathy, indifference or lack of time, the exhibit was disheartening. In many of the cattle classes there was not one entry, although no district in Alberta has more prosperous breeders. The Hall exhibit was poor but this may be attributed to the fact that our women are usually engaged in war work and have not the time or the inclination to do fancy work in these times.

It is up to the farmers to make the Lacombe Exhibition a success. It is true that there is no money for the individual exhibitor, the prize money being hardly sufficient to pay for the trouble, but aside from the individual financial gain, the farmer who brings his stock gains hundreds of dollars through the advertising he and his district gets.

Lieut.-Gov. Brett was in attendance on Thursday. He was expected on Thursday to open the exhibition, but owing to some hitch in arrangements he did not arrive until Friday. He was greatly impressed with the exhibits in the children's competitions, and congratulated the Society, and congratulated the exhibitors, and congratulated the spectators, and congratulated the children who had entries in, and presented the prizes.

The horse races were interesting events, and the events were keenly contested. The 2300 trot or pace was won by Looking Onward and Hal Mack, splitting first and second; Lady Mack took third. The running race was won by Yakimese, Lofly Haywood, third and Little Dan, third.

The Mule Derby was a thrilling event, and caused much amusement. John Henderson, Sr., won the first prize, with A. M. Campbell, W. N. Morrison and G. T. Jackson coming in the order named. H. G. Morrison got off to a bad start, and had considerable trouble with his fiery steed. This was a hard mouthed old timer, and that our genial bank manager drew, and at the start took it into its head to go back to the barn, nothing his driver could do being of any avail. After considerable trouble he was got onto the track and came in about fifth with his driver in a rather exhausted condition.

That our people will support an exhibition may be judged from the fact that we counted 320 automobiles parked on the grounds while the streets of the town were lined with them. A conservative estimate of the autos in town on Friday afternoon is 640. The Red Deer Brass Band was in attendance and furnished music during the afternoon.

The baseball games were keenly contested, especially the one Friday when Lacombe succeeded in

defeating Rimby by a narrow score.

The Indian races as usual were exciting, and passed off without accident. Following is a list of prize winners.

LACOMBE, ALBERTA

Now that the 1918 Exhibition is over, the Association should get busy on the 1919 event. It has been proved that Lacombe must get on a circuit to get the attractions, and we understand a circuit taking in the smaller cities has been formed comprising Red Deer, Camrose, and other larger towns. Our new secretary, S.-H. Welch,

in that fast growing district for an adequate and fully equipped hospital, nor is there any question as to the lack of facilities and accommodation at the present hospital situated in Lacombe. This last has done splendid service in the past years, and more than fulfilled the thought of those who so energetically organized it for the community. But the call for a change is immediate: often the building is over taxed, to say nothing of even more serious inadequacies. Whatever movement is undertaken must be progressive, having

Then you realize the utter weakness that robs ambition, destroys appetite and makes work a burden.

To regain your strength nothing is ever equaled or compared with Scott's Emulsion; its blood-enriching properties give energy to the body while its tonic value sharpens the appetite. It is a natural, permanent way.

If you are run down, tired, nervous, overworked or lack strength, let us urge you to get Scott's Emulsion today.

M. D. CROWN

The attention of the council has been drawn to the fact that some of the public in reading the minutes of last meeting have got the impression that the secretary gets 10 p.c. commission on all taxes collected, however this is entirely wrong, for the secretary only gets a commission on those taxes collected through tax Enforcement Proceedings.

WAR POSITION OF ALLIES IS MOST HOPEFUL

London, July 31.—Via Reuter's Ottawa Agency.—General Smuts, of South Africa, in a speech here today, in referring to the general military situation, said it was most interesting and most hopeful. We must not cherish extravagant anticipations, but there is sufficient ground after the happenings of the past two months for cheerfulness and gratitude. (Applause.)

When they thought of the anxieties of March, April and May, an enormous and almost providential change had come about, the Great German offensive of the Somme, Lys and the Aisne had ended in a tremendous collapse.

"We had been looking forward to an offensive," General Smuts continued, "which was to paralyze our armies, finally leading, among other things, to the capture of Paris and the end of the war as well."

"The great blow had come and what had happened? On the Marne the tide had been turned as it had been in 1914, but perhaps in a more significant sense. (Cheers.)

"We hope and trust that this time the tide has been turned finally and conclusively (cheers). The gaps in the Allied armies due to defection of Russia have been made up with much sterner stuff from the United States (cheers). They are pouring across the Atlantic at the rate of more than a quarter of a million a month and it would not be so long before the American army in France would be as large as the Anglo-French combined (loud cheers.)

"When it is remembered that Germany at the height of her power before the Americans came in could not strike this paralyzing blow, what will be her position when America's new and incomparable army is fully on the scene? We can be confident as regards the end, be it far or near. It is as sure as the rising of the sun to-morrow." (Loud Cheers.)

Referring to the political situation in South Africa, General Smuts said the elements which made for unity and strength are far stronger than the sporadic influences working in the direction of disunion.

"What our valour achieved in this war, I hope our statesmanship will retain after peace," said the General, who added that the boundaries of South Africa were not going to remain where they are. This was the countries strongest wish in the interests of the Empire and the whole of South Africa that German southwest Africa remain part of our territory. (Loud Cheers.)

"Then our territories would stretch to the Zambesi and Cunene rivers in that great territory and a great heritage will be established for future generations," concluded Gen. Smuts.

POTTER CREEK

The first Y.M.C.A. dance of the Potter Creek District, was held in the School house on July 19th, and was a great success, both socially and financially, thanks to the praiseworthy efforts of the people from the surrounding districts who so ably assisted the cause. Despite the clouded sky and the heavy showers that fell during the evening, there was a very large crowd.

Little Jean Connors gave an unexpected treat in her dance, and showed as much energy and pleasure as she did in selling her tickets. The Misses Mabel and Isabella Nicholson proved themselves perfect mistresses of interest in the Red Triangle, both by their work during the evening and as ticket agents. Master Ernest Uhl must surely be provided with special tact in military and patriotic work, as he shouldered just as much of the work as in previous cases. The music, which was entirely volunteer, is worth a word of praise.

The proceeds which amounted to \$38.50, were handed in to Mrs. E. Connelly, our recognised leader and organizer of the Y.M.C.A. at Rimbeys, a lady who thoroughly understanding the society, the need of such a unit by our boys, is bound to make a success of the undertaking Mrs. Connelly made a neat address on behalf of the Y.M.C.A. explaining the necessary work done by its members.

Miss Tierney, who was responsible for the event wishes to send a sincere vote of thanks to every person, young and old, who by their presence gave testimony of their good will. Sometimes the error is made of thinking the author claims that to him is due the credit of such a success, but this is an exception where the author refused to accept any credit, but feels it is a privileged duty to thank those who co-operated. Despite the fact that she burned, she coffee she is not discouraged in Y.M.C.A. work.

Any maker may claim for his product all the qualities there are. That is his privilege. He may even think his claims are justified.

You read the advertisements, so you know that makers, as a rule, are not over modest in that regard.

If you believe them all, they all make super-cars.

In your experience, that theory doesn't hold.

Maxwell is different.

We never claim anything we cannot prove.

As a matter of fact we never have claimed anything for this Maxwell that has not already been proved in public test and under official observation.

Maxwell claims are not therefore claims in the ordinary sense—they are statements of fact—proven facts.

They are, in every case, matters of official record attested under oath.

For example: The famous 22,000-mile Non-Stop run was made with the Maxwell every minute under observation of the A. A. A. officials.

That still remains a world's record—the world's record of reliability.

That particular test proved about all that anyone could ask or desire of a motor car.

Among other things it still stands the world's long distance speed record.

Just consider—44 days and nights without a stop, at an average speed of 25 miles per hour!

And that, not by a \$3,000 car, but by a stock model Maxwell listing at \$1045.

You will recall perhaps that a famous high powered, high priced six in a transcontinental trip made 28 miles average over a period of five days and eleven hours.

Now compare those two feats—one of less than six days, the other of 44 days. You know automobiles—which was the greater test?

Is there any comparison on grounds either of speed or endurance?

Proves you don't need to pay more than \$1045 to obtain all the qualities you can desire in a motor car—if you select a Maxwell.

For that Maxwell Non-Stop run was made, not on a track but over rough country roads and through city traffic—average of all kinds of going.

And—listen to this.

So certain were we of the condition of the Maxwell at the end of that great feat, we announced that at the stroke of eleven on a certain morning, the car would stop in front of the City Hall, for the Mayor to break the seal.

Five seconds after he had pulled the switch plug and stopped the motor after the 44 days and nights continuous running, she was started again and off on a thousand mile jaunt to visit various Maxwell dealers.

How is that for precision—certainty of action? That incident brought a storm of applause from the assembled thousands.

Hill climbing?—this Maxwell holds practically every record worth mentioning—especially in the West where the real hills are.

The Mount Wilson record—nine and one-half miles, 6,000 feet elevation!—was taken by a stock Maxwell.

Two months ago a 12-cylinder car beat that record by two minutes.

Then—three days later—a stock Maxwell went out and beat that 12-cylinder record by thirty seconds! Pretty close going for such a distance and such a climb—wasn't it?

So Maxwell still holds the Mount Wilson honors.

Ready to defend it against all comers too, at any time—a stock Maxwell against any stock or special chassis.

Economy—also a matter of official record.

Others may claim—Maxwell proves.

Thousands of Maxwell owners throughout the country on the same day averaged 35.2 miles per gallon of gasoline.

Not dealers or factory experts, mind you, but owners—thousands of them—driving their own Maxwells.

Nor were they new Maxwells—the contest was made by 1915, 16, and 17 models, many of which had seen tens of thousands miles of service—three years' use.

Nor could they choose their own road or weather conditions—all kinds were encountered in the various sections of the country.

Good roads and bad—level country and mountainous regions—heat and cold—sunshine and rain—aspalt and mud.

And the average was 35.2 miles per gallon!

There's economy for you. And under actual average driving conditions—not laboratory test.

But that isn't all.

The greatest achievement of this Maxwell was in its showing of speed and reliability and economy all in the same run.

In that 44 days-and-nights Non-Stop run, though no thought was given to either speed or economy, it still remains a fact of official record that the Maxwell averaged 26.4 miles per gallon and 25 miles per hour.

Now you know that speed costs—and that economy tests are usually made at slow-speed—closed-throttle, thin-mixture conditions.

You know too that you can obtain economy of fuel by building and adjusting for that one condition.

Speed you can get by building for speed. "Any engineer can do that.

But to obtain that combination of speed and economy with the wonderful reliability shown in that 44-days Non-Stop run—that car must be a Maxwell.

Protection and Profit

When money is in a Savings Account in The Merchants Bank, it is absolutely safe from loss, as far as you are concerned. All the time it is here, it is earning interest—so that the bank actually pays you to let it take care of your money. Don't carry unneeded sums on your person or hide them at home. Protect them against loss, theft and fire by opening a savings account.

K. Neal \$3.00

Western Municipal News \$70.56 Carried.

Gibson—That Jesse Fraser Agency be appointed auditor at a salary of \$50.00 per year. Carried.

Gibson—That secretary be instructed to procure a cheque protector. Carried.

Gibson—That secretary write

Public Works Dept. and find out if a settlement had been arranged with Mrs. Adams. Carried.

Sage—That secretary be instructed to write Public Works Dept. and find out if a road is surveyed between N.E. N.W. Sec. 9-39-25, w4. Also through S. W. 29-39-25, w4. Carried.

Sage—That the labour pay sheets amounting to \$1061.76 be passed and ordered paid. Carried.

Gibson—That J. M. Douglas (Reeve) and E. Simpson, Sec-Treas. be hereby authorized to carry on the banking business of Municipal District of Crown No. 399 with the Merchants Bank of Canada. Carried.

Sage—Resolved that all dogs running at large without any owner or in look after same, and are a nuisance to the public, be destroyed. Carried.

Lockerby—That Division No. 5 be allowed \$300.00 until next meeting. Carried.

Gibson—That Division No. 3 be allowed \$300.00 until next meeting. Lost.

Gibson—That Reeve and treasurer be instructed to sign the two notes for Reclamation District, the amounts being \$750 and \$745. Carried.

Sage—That this meeting adjourn until the 3rd day of August 1918. Carried.

E. Walter Simpson, Sec-Treas.,
M. D. Crown, No. 399.

"BIRTH" AT THE REX

An educational picture entitled "Birth at the Rex" Theatre on Friday Aug. 9th, for women only, and it is one of the most meritorious films ever offered to the public. "Birth" deals with the care and management of the infant, with what should be done and what should not be done both before and after its arrival in this world, to protect it from the innumerable perils that menace its existence. The picture has

been produced to as to make what might seem to the average woman to be a dull lesson, an interesting study. It covers the ground thoroughly and it covers it clearly and explicitly. Washing, dressing and feeding infants are given the treatment that their importance demands and are dealt with in such a way that the message of the film cannot be misunderstood. If the picture lays particular emphasis on any of the requirements of the infant it is upon cleanliness.

Must Substitute For Wheat Flour

On and after July 15th licensed retailers west of Port Arthur must carry and sell not less than one pound of substitute to four pounds of wheat or standard flour. Retail grocers are forbidden after that date to sell flour unless substitutes in the proportions stated are purchased by the consumer.

The Order-in-Council defines, as substitutes for wheat flour the following: Corn, oats, barley, rice, rye, buckwheat, tapioca, or potato flour, bran, shorts, oatmeal rolled oats, cornmeal, corn starch, hominy, corn grits, rye meal, rice tapioca, or any mixture of same, and potatoes. Four pounds of potatoes will be considered equivalent to one pound of other substitutes.

This notice has been issued from the Canada Food Board, and the public are warned that they are liable to a heavy penalty, as well as the retailer if they purchase any flour without also purchasing the substitutes. If you or a dealer do not conform to this law, you are just as much a traitor to your country as if you were selling secrets to Germany. Our boys need all the wheat flour we can send them. The police have been instructed to look after this business.

BRAID'S BEST COFFEE

PUBLIC NOTICE

DOCUMENTS TO BE CARRIED

by every male person who is not on active service in any of His Majesty's Naval or Military Forces, or in the Naval or Military Forces of any of His Majesty's Allies, and who apparently may be, or is reasonably suspected to be, within the description of **Class One** under the Military Service Act, 1917, who for any reason may have claimed that he is not within **Class One** under the Act.

NOTICE is hereby given that, under the provisions of an Order in Council (P.C. 1013), of the 20th April, 1918, upon and after the 1st day of June, 1918, every male person who is not on active service in any of His Majesty's Naval or Military Forces, or in the Naval or Military Forces of His Majesty's Allies, and who apparently may be, or is reasonably suspected to be, within the description of **Class One** under the Military Service Act, 1917, by whom or on whose behalf it is at any time affirmed, claimed or alleged that he is not, whether by reason of age, status, nationality, exception, or otherwise, within **Class One** under the Military Service Act, 1917, as defined for the time being or that, although within the said **Class**, he is exempted from or not liable to military service; shall have with him upon his person at all times or in or upon any building or premises where he is at any time is,

AGE

If it be claimed that he is not within the **Class** by reason of age, an official certificate of the date of his birth, or a certificate of his age signed by two reputable citizens residing in the community in which he lives and having knowledge of the fact; or

MARRIAGE

If it be claimed that he is not within the **Class** by reason of marriage, a certificate, either official or signed by two reputable citizens residing in the community in which he lives and having knowledge of the facts, certifying to his marriage and that his wife is living; or

NATIONALITY

If it be claimed that he is not within the **Class** by reason of his nationality, a certificate of his nationality signed by a Consul or Vice-Consul of the foreign State or Country to which he claims his allegiance is due; or a passport issued by the Government of that Country establishing his nationality; or

ACTIVE SERVICE

If it be claimed that he is exempted as a member of any of His Majesty's Forces or as having since the 4th August, 1914, served in the Military or Naval Forces of Great Britain or her Allies in any theatre of actual war and has been honourably discharged therefrom, official documents or an official certificate evidencing the fact; or

CLERGY

If it be claimed that he is exempted as a member of the clergy, or of any recognized order of an exclusively religious character, or is a minister of a religious denomination existing in Canada on 20th August, 1917, or as being a

member of any other society or body, a certificate of the fact signed by an office-holder competent so to certify under the provisions of the church, order or denomination, society or body, to which he belongs; or

EXEMPTION

If it be claimed that he is exempted from or not liable to military service by reason of any exemption granted or claimed or application pending under the Military Service Act, 1917, or the regulations thereunder, his exemption papers, or a certificate of the Registrar or Deputy Registrar of the district to which he belongs evidencing the fact; or

OTHER CLASS

If it be claimed that he is not within the **Class**, or that he is exempted, not liable or exempted upon any other ground, a certificate of two reputable citizens residing in the community where he lives having knowledge of the fact upon which the claim is founded and certifying thereto;

FAILURE TO CARRY REQUISITE EVIDENCE

If upon or after the 1st day of June, 1918, any such male person be found without the requisite evidence or certificate upon his person or in or upon the building or premises in which he is, he shall thereupon be presumed to be a person at the time liable for military service and to be a deserter or defaulter without leave;

PENALTY

And he shall also be liable upon summary conviction to a fine not exceeding \$50 or to imprisonment for a period not exceeding one month, or to both such fine and imprisonment; and moreover, any such person may forthwith be taken into military custody and may be there detained and required to perform military duty in the Canadian Expeditionary Force so long as his services shall be required, unless or until the fact be established to the satisfaction of competent authority that he is not liable for military duty.

FALSE CERTIFICATE

The use, signing or giving of any such certificate as hereinbefore mentioned shall, if the certificate be in any material respect false or misleading to the knowledge of the person using, signing, or giving the same, be an offence punishable, upon summary conviction, by a penalty not exceeding five hundred dollars, and by imprisonment for any term not exceeding six months and not less than one month.

ISSUED BY THE MILITARY SERVICE BRANCH
OF THE DEPARTMENT OF JUSTICE.

WHAT THE UNITED STATES IS FIGHTING FOR

We take the following from an American paper. It shows that our American cousins have a fair idea of what they are fighting for:

Germany wants to know what the United States is fighting for. She thinks the sinking of neutral ships without warning isn't enough to bring us in.

All right: Let's tell her.

We're going to fight for outraged women.

We're going to fight for crucified nuns.

We're going to fight for little children with arms and hands missing.

We're going to fight for namelessly mutilated soldiers.

We're going to fight for innocent thousands strewn upon the bottom of the sea.

We're going to fight for Belgium—outraged and desecrated as no nation in previous history of the world has ever been.

We're going to fight for France—the magnificent nation of heroes—bled white defending civilization against the Power of the Beast.

We're going to fight for England—which chose the path of honor black-tinted with despair when the little nation she had sworn to protect was set upon as by a wild beast.

We're going to fight for Italy—which took up the cause of Right against the Power of Wrong—terrible though she knew the cost must be.

We're going to fight in defense of those principles of human liberty which were laid down nineteen centuries ago by the first great teacher and preacher of human rights—the MAN OF GALILEE.

Every iota of the philosophy and creed of HATE and BLOOD and VIOLENCE and BESTIALITY and diabolical CRUELTY, and the human ENSLAVEMENT that mark every footstep of the Kaiser and his cohorts of Hell are in direct and damnable opposition to every thought, word and deed, of the MAN OF GALILEE.

This is therefore no fight of Democracy against Autocracy.

It is no contest of Nation against Nation.

It is no contest of Man against Man.

It is the titanic struggle between right and wrong; between the philosophy of JESUS CHRIST and the powers of EVIL, through the earthly defenders of each.

And We're going to FIGHT FIGHT FIGHT!! side by side with our fellows in the cause of HUMANITY, until there is no vestige left on all this great earth, of the powers that defying God and man precipitated this cataclysm of blood and tears.

There is only one sentiment in this whole broad land today, and the man who does not recognize it must indeed be deaf, dumb and blind, and that sentiment is a dogged determination deep down in the heart of every man that we are going to fight until we have fully justified Italy. Saved England swept immortal France free of the Hun. Liberated Belgium. Avenged so far as is within human power the countless crimes of Germany against Civilization. Broken the Hindenburg Line and Swept the Army of the Beast as chaff before the Wind. Humbled the Empire of Hell. And Please God Rid the Earth of the Kaiser and all His Fell Breeds.

If any one asks you, tell them THAT is what we're going to fight for.
